A Supreme Sale of the New Season's Furs.

Magnificent Showing of the Fall Fashions.

We announce with no little pride the most magnificent showing of new Fur Jackets, Fur Coats and Furs of every description ever presented in Brooklyn. It far exceeds in interest even our own splendidly comprehensive exhibitions and sales in the past.

This is not the result of a spasmodic effort to excel. It is the culmination of years of leadership and energetic work. No other store in Brooklyn sends a representative to study style in the foreign markets as well as maintains a foreign office for the purchase of goods in the pelt centres of the world.

the purchase of goods in the pelt centres of the world.

This unusual enterprise means that here are always shown the first of the new styles, and by direct purchasing we sell the furs at the minimum price. By placing orders for many of these furs in the dull season we are able to offer them to you now at less than they will be priced when the great demand comes. Every garment is the result of careful selection of pelts and the most rigid specifications for making, as to fit, style and use of skins. It is as distinctly a high quality event as it is a low price sale.
